PULLER

DOG FITNESS TOOL

PULLER is an innovative dog fitness tool which provides an ideal set of daily workout, promoting the following activities: **RUNNING** - The dog catches up **PULLER** rings and brings them back one by one. If your dog does not want to give the ring back, show him the second one. The exercise trains a dog to retrieve an item and helps to develop speed and agility. **JUMPING** - The dog jumps and catches **PULLER**. Once the dog grabs the ring, give another one instead. The exercise trains dog's attention and reaction skills. **PULLING** - The dog tugs **PULLER** rings one by one. The exercise improves dog's strength and stamina.
